## **About the San Mateo County Harbor District**

The San Mateo County Harbor District was first established in 1933 and now operates both Pillar Point Harbor and Oyster Point Marina/Park. Pillar Point Harbor, near Half Moon Bay, remains a major commercial and sport fishing harbor with 369 berths. It is host to many public events throughout the year. Oyster Point Marina/Park in the City of South San Francisco provides a 408-berth marina, boat launch ramp, fishing pier, and open space and trails. At both facilities, the District manages the property, renders public safety and search and rescue functions, and provides opportunities for many kinds of recreational activities.

The District is governed by a five-member Board of Harbor Commissioners, who are currently elected county-wide for staggered four-year terms.
