If you read Jean Knight's "Parking Survey of Pillar Point Harbor lot C" (referenced in the Staff Report) the conclusion is that there is enough parking as is.

To add more parking "will probably result in a facility that is overbuilt and too large for the normal daily and weekly demands during the season. It not only wastes project construction funding and land use, but maintenance funds as well"(State Division of Boating and Waterways guidelines for sizing a harbor parking lot").

To pretend that this is "Surfer's Beach" parking could "eliminate the possibility of meaningful Surfer's Beach parking".

We don't need more of this:
