Sorry, I was unable to attend the meeting today as I received late notice. However, we would really like to make our voices heard on this matter. We are very distressed and concerned about the loss of significant parking and the impact on our business, our employees and our customers who come to the coast to visit and frequent many other businesses.

We would very much like to work with you to partner on additional parking. We are available if you would like to set up a meeting. Thank you Paul
