June 22, 2021

**TO: SAN MATEO COUNTY FISHERMEN**

**FROM: KOREN J. WIDDEL, SEALER OF WEIGHTS AND MEASURES**

**SUBJECT: PRINCETON PIER INSPECTION DAY FOR COMMERCIAL SCALES**

California Business and Professions Code, Section 12212 requires the inspection and certification of all commercial weighing devices. I would like to provide an opportunity for a convenient inspection for all commercial fishermen who will be selling fish off their boats at the pier. On **Wednesday, June 30, 2021**, our Department will schedule a morning for testing and certifying commercial weighing devices at Princeton Pier. **The inspections will take place between 10:00 a.m. and 12:30 p.m. in the Harbormaster's Maintenance Warehouse located across the parking lot at the pier.**

On June 30, 2021, any fisherman who brings scales to our inspectors at the pier will be charged a device registration fee of only **\$25.00** per device including State Administrative Fee. If there is a work schedule conflict, you can leave your scales with the harbormaster prior to this date; however, the ownership information form and the appropriate fee must be submitted with each scale. The necessary form is enclosed. After this date, any fisherman who brings the scale to our office for certification as required by law will be charged the regular device registration fee based on the number of scales.

If you need any additional information, please contact Jeremy Eide on my staff at (650) 363-4700. Thank you for your cooperation.

## SCALE OWNERSHIP INFORMATION

**NOTE:** *This form must be filled out and attached to each scale left with the Pillar Point Harbormaster together with the \$25.00 fee. If paying by check, make check payable to **County of San Mateo**. Place payment and Scale Ownership Form in the envelope provided. Please write your name on the envelope and make sure the envelope is sealed and attached to your scale. **Your scale will not be checked without the proper information and fee.***
