ADDENDUM 3 TO REQUEST FOR PROPOSAL 2019-07 DOCUMENTS FOR THE SAN MATEO COUNTY HARBOR DISTRICT ADMINISTRATION BUILDING DESIGN, ENGINEERING, ARCHITECTURE, PERMITTING AND CONSTRUCTION SUPPORT SERVICES

The following responses to bidder questions are provided:

1. In the addendum it says "Bidding firm will be responsible for researching, identifying and applying for any applicable grant opportunity," which could be something of an open-ended process if people hear about different grants they want to go after as the process continues. We could see performing this service on a time + materials basis, but assigning a lump sum for it would be somewhat difficult. Could you please advise on this?

Bidding firm will be responsible for estimating and proposing costs for demonstrating applicable grant opportunity search (not a daily search). If an applicable grant is found, applying for the grant. If the winning firm is later made aware of a grant during the design phase, applying for that grant would already be included in the bid scope.
